MIRATGES

per Jordi Mas i Manjon

Ombres ocultes
en els desitjos d'homes i dones
desitjos per imposar-se a l'altre
dominació en la creença
de veritats imaginàries
miratges de l'ànima empresonada
alliberar-se dels lligaments
d'allò perible
com totes les creences
en el temps difuminades.

Somnis al dormir
realitats que desapareixen
fins a l'alba
al despertar
regressen els miratges
d'una realitat nascuda
en la imaginació
d'una ment bressolada
en la societat frívola
de l'absència de debò.
d'això que no desapareix
quan dormim
quan somiem

només somnis.

Realitats confoses
amb veracitats
quant miratge nia
en el nostre mort cor gastat
de tanta política al pensar.

Relacions de mentida
amb abillaments de veritats
grans paraules expressades
per a dir mentides .

L'ànima sofrida mor
dia a dia davant la manca
d'esperits valents
que heroicament s'enfronten
a això que designem
com necessitats
només són miratges
només núvols
que enterboleixen l'ànima
l'ànima d'espirts endins
només endins
endins d'aquells espirts grans
ombres ocultes endins de veritats
imaginàries
només miratges.

El Grial de Montserrat

per Jordi Mas Manjon

**

Estimada Serra de blanques pedres
amb formes arrodonides estranyes
gairebé humanes
nascudes de l'ànima de la serralada,
Montserrat mític Grial
nascut del llarg camí
de les grans ànimes
per trobar allò que solament

la innocència és capaç d'albirar
profundament endins
de les nostres coves
pròpies i profundes
secretes ànimes ,
ànimes serralades

Cada racó ,cada forat, ombres i aromes
d'una muntanya inspirada per un esperit
el Grial d'un ànima noble,
creient de veritats oblidades,
d'històries de donzelles i cavallers
darrere d'una única Veritat ,
un cant a l'Esperança a una trobada
d'un Paradis Perdut,
en els inicis d'un història oblidade.

Cor del Grial de la Veritat,

buscat amb el cap i no el cor
per aquells que desconeixen

el que és l'Amor pur d'aquells
que en altra muntanya germana
Montsegur van morir per conservar.

Montserrat estimada
que en la meva infància,
el camí vaig recórrer a peu,
perquè l'ànima alliberada
s'unís a aquesta muntanya,
ànima de la llibertat per allò que és pur,
el guardià ,els guardians, Els Purs ,
que habiten en l'únic lloc
on van deixar de ser perseguits,
el cor de cadascun, i el Sagrari del Grial,
Montsegur i la seva germana Montserrat.

Barcelona

per Jordi Mas Manjon

Nascut en la meva Barcelona
vaig caminar
els meus primers passos
per els carres i arcades de la ciutat,
la mirada innocent
descobria els secrets
de l'estimada ciutat de pedres
antigues llaurades per dracs valents

Carrers estrets,
olors a soterranis,
misteris per descobrir,
per una ànima jove
plena de curiositat,
sons que ressonen
ja en l'edat final.

Una vida complerta
per acabar,
amb la memòria
d'una Barcelona ,
que és la ciutat
de les meravelles ,
d'un ànima que va néixer
i en ella morirà.

I AM ALONE
by Jordi Mas Manjon

* * *

Alone with my soul
solitary partner

stranger for the mind reasoner
my soul shared with
that next soul
in happiness solitary soul
that she speaks to me
when being alone
the world ends up in me.
I am alone because my soul
refugee in the depth
of the heart she speaks to me

* * *

Alone, for own decision
looking for the name of that,
that being sacred escapes
toward the unfathomable spaces
unreachable infinites
solitary spirits
place without times
deep eternities
of a soul that looks for
without truce without times

* *

oceans of lives moving
as waves of infinite heights
without anybody that steps their summits
Alone, with the soul
in the firmament it shines
as the stars
for you ,for me
for us

A LOOK TO THE STARS

by Jordi Mas Manjon

* *

I raised the look toward the stars
the depth of the space moved me
in the deepest in the heart
I understood in my conscience
that I am a powder speck as
in an immense ocean of distant stars
my only desire in that instant was
that the beautiful feelings that reside
in the hearts of the whole humanity
they flourished in the distant places
beyond our humanity as stars

* *

It forces Vitality Energy
they are only born of the generous heart
generosity of love
a love that hugs embracing
that is more fragile, weaker heart

* *

The Force of the heart is expansible
limits don't exist in the space
or the times.

A force healer of Souls
solitary souls although the bodies live in cities
solitudes of the spirits
that make sick for a
bsence of loves

Love and Soul cohabit allied to convert
the earth in a paradise of Harmony without pains

Hearts and Souls
Souls and Loves
Loves and Spirits
Spirits and Force

SOULS

by Jordi Mas Manjon

* * *

Unknown spaces
in well-known as souls
an encounter with the heart
willing to the delivery
of the truth of the existence.

* *

Born love not built
not fabricated from the mind
but born from the deepest thing
of that we designate
with the soul name

* *

Born truths to be liberated
in people's presence
with the open heart
to the momentous truths
of the existence

* *

Roads with crossings
where the encounters
they are causal and not fortuitous

* *

Born loves of truths
without final
eternal in infinites
lapses of time
and oceans of love
balm really
and it thrills
of the soul
of you soul
of our soul

it causes only
of that
that we designate
with the beautiful word
of love.

WONDERFUL THOUGHTS

by Jordi Mas Manjon

* *

A river, its history
A man, his life
a woman, her desires
one's history
one's life
one's desires
which is the Being's depth?

* *

A tear and its history
behind it
a human being
or more important
a Being
an ant and its social history
a human being and one's personal history

* *

The life with a capital
it is much more
that the purchase and sale

* *

when will the qualitative jump of the human being be made?
now, everything is quantitative
people, the life, the feelings
but the existence, has it one's own reality
and an only and differentiated Truth.

We build, we represent the world
in the one that all we live
induced by our own desires

in and of itself we should vary these desires
for virtues
and the virtue is Force
and the force is humanity

* *

The life is the daily thing
the existence is the infinite thing
the infinite thing is the intemporal
the intemporal is the eternal thing
extensive eternity in
that more beautiful
of the universe
Don't unite reality
Yes a Truth
the authentic humanity

* *

FREEDOM

by Jordi Mas Manjon

* *

Mountains with their high summits
surrounded of big white clouds
moving freely between air and the wind
of the soul that clamors to the sky
the freedom of being able to move

* *

Galloping of free horses
the sound resonates in my hearing
a cheerful scream of freedom
not tamed savage

* *

Roaring of the river with their abundant water
moves unceasingly toward the cascade
a roar of abundant water screams
to the air their sound with the word
of free brave nature
in search of an unknown sea

after a long journey

* *

Migratory Bird cross skies and seas
deserts and cities
in search of new places

maintaining the freedoms
that the existence gave to them
to show to the world
the sacred word
free, freedom.

* *

A man, woman ,a contained
in cities, with the only desire
of possessing that can buy it
one day looking to the sky they discovered
that to be you liberate
the only thing that to make owed
it was to live with the free spirit
with hope, love
and liberate the soul

The small Things

By Jordi Mas Manjon

* *

I like to breathe the clean air
of the dawn
The drops of the water of dew
on the grass
with aroma to field
to freedom
The nascent sun of a new day
with a soft growing heat
as the free soul
that it expands toward a freedom
of spirit toward the infinite
Heaven of the nascent souls

that flying the same as birds
with their extended wings
they furrow seas and oceans
without fear to anything well-known
Freedom without being dominated
for an irrational fear
of some evil beings
Us brave
we fight against the oppression
of the nascent freedom
of love for soul

without form

by Jordi Mas Manjon

::

What is it without form?

To admit the form
without being linked it.

Don't stray
with the phenomenal thing,
don't reinforce the identification
with the phenomenal thing.
It is to consent to the freedom.

Three possibilities have,
the first one, the representation
the social one.

The second representation,
the extraordinary thing,
the phenomenal thing.
Lastly the third representation,
the union of both,
without clinging to any,
we consent to the freedom.

Our reality is hardly one
among many descriptions.

TELL ME

by Jordi Mas Manjon

::

Why do you cry friend?

Because I am very sad

You are not sad.

The sun shines

without our consent

you let that the sun shines.

I am hungry.

You eat.

It hurts me.

what does it hurt you?

The Soul hurts me.

It looks for inside you

in the deepest thing

that anything external it confuses you

and you will find the answer.

I don't want to want!

Then, you love,

the remedy is the love of the soul.

I don't want nothing else of the world

What do you want?

That my soul shines

next to yours.

Eternally?

Yes

Don't look for more

don't want more
You soul and my soul
the two souls have been
now .
How do you call yourself?
My name is Love.

SADNESS

by Jordi Mas Manjon

* * *

Sad words
sad feelings
of a heart
saddened.

Happiness of the soul
awaiting a word
with shine of Sun.

Sad moment of solitude
infinite of a heart
not of the body but of the soul.

Born feelings
from the nobility of
an existence
that doesn't know
about the earth
that only
the human being
shows
and it is,
the love of the soul
shared us.

UNE ÂME SOLITAIRE

par Jordi Mas Manjon

**

Un être sans être
un vivre sans vivre
une douleur sans fin.

*

Un sentiment profond

d'une âme tourmentée
pour atteindre le rêve
de cela que non tine nomme
sans principe et fin
un être dans l'existence
sans présent, sans passé
un aller faisait l'inconnu
sans rien et personne qui conduit
le notre marcher ni rapide ni lentement.

*

Un atteindre un rêve, une chimère,
un peu infiniment merveilleux,
la rencontre de deux âmes,
une rencontre du ciel et la terre,
un extâsis d'âme et le corps.

ÀNIMA SOLITÀRIA

per Jordi Mas Manjon

En solitud d'un profund dolor
nascut d'un infinit sentiment
cap al més meravellós de l'existència
Amor per allò que és un ideal
cosa inassolible per un home
solament possible des de l'arrel
d'un sentiment designat Ànima i cor junts,
inseparables, units fins a un sense temps,
eternitat sense principi ni fi
un morir sense viure,
un sentir sense cos
per ventura ja sense ànima ni cor
solament essència pura d'alguna cosa
sense nom, ja sense por,
sense por d'un infern o cel
solament van existir
en la nostra imaginació.

I AM NOT UNDERSTOOD

by Jordi Mas Manjon

* *

I look at the stars
and I marvel before the one
mystery of which I am witness
I write my poetry trying to reach
my reader's soul
but I don't not even reach
the heart

* * *

My sadness fills me the soul
because I want to deepen
in the soul
until playing the most sacred thing
but the solitude a deep solitude
it invades me
and me desperate
I insist on attempting
to reach that twin soul
that she understands me.

SENTIMENTS

per Jordi Mas Manjon

Núvols nascuts
en la profunditat
d'un ànima compassiva
que com peix
en els oceans de l'amabilitat
un amor infinit
per la veritat

nascuda en una existència
plena de meravelles
per descobrir
aquest caminant
amb esperança sense limits
per trobar
a qui li volen acompanyar
en un recorregut únic
la sendera
de la veritable llibertat

WHY DO YOU LEAVE ME ALONE?

by Jordi Mas Manjon

* * *

The air that I breathe has the perfume
yours, the sunlight their shine
it is you soul in mine
why do you leave me alone?
if I love you so much.

* *

My soul has the size
of you love
your word, each caress
it enlarges my heart
until the infinite.

* *

You silence it makes sick me
sick person slowly stays
without vitality, I lose the life
slowly, because you are
my life

* *

My heart beats slowly without you
but when you are with me
my heart becomes a hurricane
of happiness and love for you.

* *

Solely alive to love you

you don't leave me alone my love
because I die without you

I want to Feel I Live

by Jordi Mas Manjon

* * *

Awake to the dawn
a new day,
it is maybe different
up-to-date of yesterday,
a deep feeling invades me
reaching me the deepest thing
wondering myself
am I alive?
oh is maybe only
a shade of that that I see
every day,
I affirm with vehemence, I want to feel I live,
I want to love and to be loved, until the satiety,
until the eternity,
full twin souls of existence,
full of life, I don't want to be a shade
of the brilliant light of that sun that is soul
and non body,
feeling non thought,
embracing the being's entirety,
until almost to suffocate the routine of a life
in exchange for a brilliant existence
a born sun of a thousand lived lives
traveling infinite roads
toward you my life

my infinite soul
that I can no longer contain
plus the desire to hug and to kiss
until the senses are intoxicated
in a dance of divinities,

of name love, eternal..
without end neither I begin,
dancing in united souls
infinitely dear
unique love, unique soul,
unique feel I live
help me my life!

UN REGARD PROFOND

par jordi mas manjon

Nous regardons le monde
sans voir la profondeur
de la beauté de la vie
habitués à voir la peau de cela
que nous désirons

**

La vie elle est profonde pleine
de petites nuances de vie

**

Les miettes d'existence
avec une essence Divine
la Vie née de vie
des bourgeons d'herbe fraîche
les pleins Coeurs de sentiments
et d'émotions
les désirs nés dans l'espérance
la plus secrète de trouver un coeur
une âme qu'il écoute
et répartit notre espérance

UNE JOLIE AMITIÉ

par Jordi Mas Manjon

Un goût à une amitié

inonde ma douce âme
un sentiment né dans le calme
comme un soir de printemps
que la brise douce nourrit la peau
doucement et le cœur late lent
sans rapidité comme attendant
à que l'âme de sa Douce permission
une amitié née de l'âme
dans le doux calme..

WONDERFUL FRIENDSHIP

by Jordi Mas Manjon

* * *

Born friendship
of an infinite feeling
beyond the stars
and constellations
more distant
however it is born in the depth
of the heart
and of the next soul
to us

* *

Feelings
of infinite beauty
because it is the heart
that touches smoothly
the friend's soul
a soft close contact
as the spring breeze
with the perfume
of the clean love
clear without hidden
corners
brilliant as the sunlight

* *

Friendship and love

are two words
twins that share beating
of the heart
and the shine
of the soul

* * *

ALONE WITH MYSELF

by Jordi Mas Manjon

* * *

Deep very deep
I travel toward inside
toward the center
of the soul
that far it is
the superficial thing
that is vain
wealth, possessions
that little value has
in comparison
to a single word of love
born word of love
of such a deep feeling
that the oceans seem puddles
and the skies infinite small spaces

**

I am only me
alone when I was born
alone when I die
and in this intermission that is the life

**

I live in the depth of a search
whose outcome is the encounter
with that soul that is eternal
it would please me to have company

in the one on the way to the life
leaning on in the dear person
at the end of everything

a deep overflowed feeling
of love without end
infinite love,
without limits
without conditions
only the dear person
with me until the eternity.

STEPS

by jordi mas manjon

I walk slowly
looking for a place
in that solitary soul
of an inhospitable space

* * *

To remember yearnings
of hesitant steps
in long walks
of natural sounds
whispers

* * *

Solitary souls
isolated in islands
distant of souls
lost in paradises
of dreams of hearts
sleeping
in deep dreams
lost souls

* * *

Chills in skins
died by lack
of those feelings
of born hearts
in slow beats
of distant thoughts

Near feelings
now distant
of approximate hearts
then abandoned
aching as
lost traveling strangers
contained tears
of deep pains
as abyss volcanos
extinguished without
the incandescent clouds
without rakes of those
steps of having forgotten
walkers
being the one extinguished
forgotten sound of words
already unconscious
forgotten meanings
lost steps
whispers in the hearings
ghosts inhabiting in
the souls already forgotten
because already nobody remembers
the name of the one who those
it took.

OUR VITAL FORCE

by Jordi mas manjon

* * *

Anything fears
except the lack
of faith in me
because the force
of the life
resides
in my heart

*

Anything fears

of those things
that other people
they fear so much
sew worthless because
the valuable thing
it is the life but
the dear person's life
for her for the dear person
I cross oceans and seas
I cross deserts
and unknown skies
for the dear person
I fight against
any danger
without fear
with decision
brave because

I am
the fortunate man
that I know that
the vital force
of the existence
that force is in me
to offer it
to those people
that I love
with all
my soul

* * * *

INTENSITY OF LIFE

by Jordi Mas Manjon

* * *

It dawns the day
very slowly the lids
they open up to the life
extraordinary light
of existence

blinding and brilliant
as a sweet caress
has wakened up
in this new day

*

A full flavor
deep complete
to life it has begun
to fill my soul
and a sweet smile
encourages the expression
sweet of the faction
of my face
turn to be born

*

Now the life
has flavor
along the day
different shades
with different sensations

will go lapsing
as ghastly clouds
moved by the wind
of the life

*

I feel the Intensity
of being alive
each centimeter of the skin
exclaims in language
vital existential
primary equally
that at the beginning
a fight with the force
of the continuity of the life
with all intensity love.

* *

FEELINGS

by Jordi Mas Manjon

* *

I like to say hello in the morning,
it tenderizes me to say see you later,

I never say good-bye,
because the farewells
are as the icy wind,
that it cuts and it hurts

* *

I like a caress,
of a sweet word
happiness calmly
and with soul

* *

I like a penetrating look
of a sweet soul
overflowing of love
and calmly
of soul

* *

I like to narrow the dear person
and to feel their soul
near my face
of my love

* *

Wonderful feelings
born of the deep soul

expressed in looks
and sweet words

DARK NIGHT ONLY WITH GOD

by Jordi Mas Manjon

* * *

Only with my soul
I look inside the heart
I ask to the darkness
of the night if the light
of my soul it will be enough
to light where I step

* * *

Open eyes, closed eyes
doesn't care darkness
it's unfathomable,
there are not stars neither small light
where I can look and to feel
sure, only
I am accompanied with the idea
of a kind God that
he assists my supplications
of abandoned human being
in the darkness of one night
that it seems endless

* * *

It will dawn.. when?
soon? I need to see the light
of a new day with rays of light
of a born hope
in the soul of a future better

it maybe is not licit?
it's not licit to have hope?

* * *

And I heard the deafening voice
of a God responding
to my supplication
or it's maybe my imagination
that forced by the necessity
invented to that God
I don't know! does it maybe care?
everything doesn't happen inside the soul!
because that more gives if the reality
is born of a fantasy
or the fantasy was born of a reality
seriously important

it's that I am only in the darkness
in company of God
and he spoke

* * *

LET US WALK TOGETHER

by Jordi Mas Manjon

* *

Sweet steps together walk
in the powdery road
and in their rake fragrant flowers
they open their petals
showing the beautiful colors
of a complete existence.

* *

Sweet steps together
a step behind the other one
an infinite chain
of events
some cheerful ones other sad
all they conform
the life that is manifested

* *

We walk together now and tomorrow
in this present and in that future
together we can with the barriers
of the difficulties and together we live
the happiness of the shared road

* *

Souls united meetings
for the delivery of the truth
of the existence
truth contained in the heart
and an only soul

unique walk.

THE DESTINATION

by Jordi Mas Manjon

* * *

I dedicate hidden
shade of the soul
insecure steps
in the road
of the life

* *

Encounters, forgetfulness
reunion
more forgetfulness
memoirs like shrouds
spread
in a long line
of lived feelings

* *

I dedicate well-known
for a god already forgotten
for the busy men
in give-humanized tasks
for a way of life
automated

* *

Men's destination and gods
in an unique existence
outside of the ego of the permanency
road of the life

* * *

I SING TO THE HOPE

by Jordi Mas Manjon

* * * *

I breathe with abundance the air
fresh of the morning,
and my face refreshes with the sweet
drops of the dew.

It has dawned, a new day,

and my thirsty soul of hope
opens up as empty vessel
to receive the fresh breeze
of a new life.

Soft and radiant
rays of light emanate of that sun
hot of existence,

and my lukewarm blood before, now hot
it boils of hope for that new day,
full of flavor to life.

Anything fears, neither now neither tomorrow,
everything decides now,
in this eternal present,
infinite, hole, full,
existence, is
the life.

STATION OF RAINS

by Jordi Mas Manjon

* * *

First drops on
the dirty glass of powder
intense rain later
dragging particles of dirt
until the radiant glass
transparent it is again.
Already! everything has happened
as in a without happening.
The burden and the anxiety
they have disappeared
as if never
they had a to exist.
Anything lasts
everything is mutation
in a to happen
mysterious
in the one that us

we last
nevertheless
we don't command.
We are only
of the destination
slaves.

ONLY THINK OF YOU

by Jordi Mas Manjon

* * * *

I only think of you
you are the whole universe
for me

There isn't nothing else important that you.

I only think of you
for the day and the night
because you are that
for what I was born.

I only think of you
because you soul
it's my love.

NOT CONVENTIONAL

by Jordi Mas Manjon

* *

what is't conventional?
that the sun illuminates the day!
that the night it has the moon
I don't want to be conventional
I want to be everything it surrenders for you
each atom of my body
each thought of my head
each beat of my heart
each feeling of my soul
it's only for you

a lot beyond any it limits
a lot beyond any frontier
a lot beyond any convention
we are together in a way unique
in a deep hug of our hearts
and of our souls
alone you and me
in this world
in this life
in this existence
together in a grateful love
endorsed by our souls
in an only feeling
born from an infinite depth
soul
love

feeling
you and me

I LOVE YOU MORE THAN MY LIFE

by Jordi Mas Manjon

* * *

The flavor of the life
for me you are only you.
My happiness is to be next to you
always loving you.

Everything is different
when I am next to you
everything is better
everything is wonderful.

When I kiss you
my soul it is yours
and you soul is mine.
when I caress you
you skin is my skin
and my chills are yours.
Everything is different

with you everything
it is special next to you.
It is as if the life has a secret garden
and to consent to there is it to open a door
and this door has a lock
and the key to open it is you.
You are the secret key of that garden
you are that wonderful garden
that I am their gardener
loving that I take care and I love

every day
you my love
you are the most wonderful thing
of a strange universe
but beautiful.
You my love.
You my soul love.

feeling

by Jordi Mas Manjon

* * *

the feeling grows
every day more and more
as the cloud in the sky
that it increas-
eases of size
until finally discharge
their saint dilutes
to the thirsty earth.
You are my cloud
that loaded with a wonderful
love you full my soul
of blessings and hopes.
My love doesn't have you limit

and it is so big that there is not
enough I space
in my heart
to contain it.
I am happy because
you exist
and you are the most beautiful
that it exists.
I love you my soul
I love you my love

ZEN

of jordi mas manjon

* * * *

Happy Sunday
designated weekly day
nominated but not existential
happy day where it is born the happy day?
in our mind, in our mouth,
in the mouth of the other ones
when it will reach the heart
that it wants to express
Pain, happiness, desires...
all them born
of having contended
holes
I want to be happy! .. screams
this generation, as small children
wanting their mother to breastfeed them
nobody is to listen
the torn scream of the soul
begging authentic alliance
of the sky and the united earth
in a sea now ocean
of lingering feelings
infinities with reaches

beyond the possible thing of that known
I want to collapse in the mire! until death
transformed into original substance

looking for the origin of my essence
beyond the human thing, of the divine thing,
only existence...
infinite unfathomable, uncannily
and darkly there, in that space of the soul,
intemporal, indimensional, only refuge,
of an unknown essence,
not born, always existed
without end.. without principle...
always present
in a now,
in a here,
painful, or comic,
according to the high or low tides
of our desires,
compliments and unsatisfied,
fears, fears, shades
of our dreams, always dreamed
along that invented time.
spirit!, born of the hope
of that it knows that there is not anything

AIR NOW WIND

by Jordi Mas Manjon

* *

I am wind in calm
that I go for a walk
for the surface
of the sea
caressing
the soft waves
of my thoughts
that as invisible fingers

model that calm it dilutes
metamorphosing it
in waves
with names and expensive
losing that
saint calms down

* *

In an instant I have left
of being in Peace
now infuriated
I hit the waters
and enormous waves
they are debated
without stopping
without control
in a dance
existential

* *

Everything is in the surface
anything awaits in the depth
it has only been a blow of air
that infuriated ,transformed
in fierce wind
and now I already calm down
it rests as breeze
soft of spring
flutters in form
of colorful butterfly
settling burningly
confidently in the surface
of a skin protector feeling
with the sensibility
of an existent being
not only in the superficially
but also in the deep thing
where the roots taking root
with infinite force
it remains for always
awaiting one day
in that that the superficial thing

give their place to that
that it is substantial
of being recognized
as the existential force
the Being
source of life
where to satiate our thirst
it dilutes vital with flavor
infinite of a to Be
and of a to go
as the air moving
the vane of the destination
of a to walk in
a not unknown
road
to be had repeated
infinitely until reaching

the freedom of resting
of stopping there being
understood
that the life
the existence
we are only
ourselves

* * * *

am I alone?

by Jordi Mas Manjon

am I alone?

Oh! It is maybe only one
ephemeral cloud of an instant

thought and not existed

Who does affirm?

is there certainty?

Yes, there is responded

the blessed one

in their awakening

Everything is one

and one is everything

As the ice

that it was water

and now it is

dead

at some time I was alone?

at some time I did exist?

I dream, dreams

we dream

and we believe

to believe!

now I sit down

under the tree,

I surrender,

I give

I give
finally rest
I am alone
I was alone
witness
of a to happen
that it was not mine
anything was mine
now rest!
awake
or sleeping
only
I am this
nothing else that this

I am very happy

a soft and wonderful
wave of the surface
of that deep ocean
that it's you soul

* *

When I 'm next to you
I perceive the soft heat
of you skin
that it shivers
as the soft waves
of the surface of a sea
that in their depths
it keeps a treasure
the treasure of our love
beautiful jewel

protected by the mythological ones
Titanes that preserve
that is the most valuable thing
of the whole universe
it's the love

* *

My skin shivers in contact

shakes with force the green leaves
of a tree still young

that extends their branches with the force
of him recently sprouted

All beauty contained in you
that beautiful you are my lover

SOFT FLAVOR TO FIELD

by Jordi Mas Manjon

* * *

The soft breeze
knocks down
to the tender green grass
as revering the mother earth
that welcoming rocks her
to it the rocks
whispering him the wind
loving words of love
for the life
for the existence
all told that beautiful
to discover from the deep heart
and of a tender soul
that as the green grass
rocks himself
to the soft cooing
of the warm wind
of the sweet born spring
of the existence
of the most sacred thing
and it's

PRAYER

by Jordi Mas Manjon

**

Oh! My God
that alone I'm
I'm so insignificant
so small
amid the tempest
of the life
Oh!! My God
I'm alone
and only
I can pray
requesting that
make me a little
of company
my soul cries
of sadness
for so many things
my heart beats sad
because it's alone
Oh! My God
don't give way
at this time
of tribulation
I want to think
that somebody
love me
and that soon my solitude

will stop to be it

I ONLY WANT TO THINK OF YOU

THE TIME

by Jordi Mas Manjon

* *

How quick!
lapses the time
I didn't notice
that the spring
of my life
had lapsed
time ago

* *

Sweet time
to think
in the now

and the past
to remember
however
small tears
furrow
my cheeks
because
the time,
it's memory

* *

what will it happen now?
that strange
feelings
will cross

in the journey
of my existence

* *

Maybe this to lapse
of the time
it's not the habitual thing
from the birth

* *

The time of each
one of us
it's governed
for unknown
God

that they govern
our destinations

* *

A strong pain
in my chest
warns me
that my heart
implores
to share
what subtracts of time
with another time
of another heart
the heart of the soul

of the person that I love

* * *

* *

I am it that not
I believe that I am
I think what I am not
I am what I don't believe
I believe what I am
where am I?
was it, inside?
or in any place?
we are maybe
only dream
dreamt
for a stranger
giant
that he looks at us
from a distant one
and unknown region
I wrap up
in the warm welcome
of the source of the life
and I dream that am free
free as
I dream that would be
the life
sprouting eternally
of the source
of a water

crystalline

The tired eyes of looking
they settle without the spirit
of the youth
in that looked
but for the hurries
not observed
not assimilated

* *

My soul accomplice
of a loner
heart
yearns to submerge
in that that still
it remains unknown
in the deepest thing
of the Being
to be discovered

* *

That solitude that of my eyes
tired that still
they have an ember
of yearning to look
without looking
to keep

and to remember

* *

The heart beats with hurry
the moons go and they come
the suns dawn
and they disappear
what is it?
our soul
or only
it is yearning
without anything

* *

I only cry
I cry in solitary
accompanied
for that
that it doesn't end up
for that
that it doesn't begin
that it is the soul
that it hides
it awaits
to be
resuscitated

* *

Dear sweet
soul
that always
together
we have known
and now we yearn
to know
that there is really
in the deepest thing

of the Being
in the spaces
infinite timeless
of the most unknown
abyss
of the one that there are

arisen
and born
to the one that we will return
deprived

FLAVOR OF THE AFTERNOON

by Jordi Mas Manjon

* *

I am lying
on the grass
savoring the one
flavor of you memory

* *

That pleasure to remember
the flavor of you skin
soft as the silk

* *

The breeze of the afternoon
has the flavor
of the green and fresh
grass

the heaven
of the feelings
dreamt
and still not lived

How many dreams to
flavor an afternoon
they are for future

* *

Wonderful flavor

DAWN

by Jordi Mas Manjon

* *

what does it dawn?
the day?
my soul?
I don't know that it dawns

* *

I feel strange
when I wake up
am I awake?
continuous sleeping?

* *

I find strange
this world
and every day more
am I maybe the stranger?

* *

The sun shines and me sunk
in the dimness
I see lapse
the days
as something other people's

to me

* *

I won't find anybody
that I accompany?
I will only do
this trip

* *

why am I here?
only to satisfy
desires?
or something more?

* *

I find strange
this dawn
until when?
will it be infinite?

* *

Until tomorrow
that there will be a new one
dawn
or is the same one always?

LADY OF MY SOUL

by Jordi Mas Manjon

**

My soul smoothly
on the heaven it flies
of the deep loves

As a slight bird feather
it floats worlds between two
the real world and that world

and filters a ray
of luminous hope

*

You are the lady

that it flies in the heaven

*

The lady of my soul
and of my desires
take me to the best
destination

SUFFERING

by Jordi Mas Manjon

Men that beg
that they are not beggars
because to be beggar
it is not a condition
of the human being

*

People that suffer
illnesses
that they are not sick
because it is not one
condition
of the human being

*

The suffering
of the Being
it is bigger than the one
suffering of the body

*

That human is
to share the suffering
with the human being
aching

*

That near the existence
we are
when we extend

the hand
to the human being
needful of love

*

That beautiful destination
to understand to the other one

*

That beautiful reality
to love the humanity
and to be loved

*

That easy it is to love
and that difficult it is to hate

then why
the humanity still
has not learned
to love

*

Oh! Lord
damages the hope
of learning how to love
and of being loved

el viento habló

por jordi mas manjon

Esta madrugada subí a lo alto de Montsegur, en un lugar discreto y con una visión del entorno casi mágico; primero, suavemente fui encontrando el espacio interno, el silencio interior; como testigo, solamente estaba; no aguardaba nada, no pedía nada; la brisa suave me refrescaba de un calor que a lo largo del día iría in crescendo.

El entorno estaba en silencio, en una de esas jornadas en la que parece que no hay turistas que perturben el silencio natural del lugar; unos pequeños pajaros, enfrente estaban jugando, divirtiendose sencillamente con la luz de ese sol que estaba ya ascendiendo hacia su cenit.

Cuando observamos la superficie del ocano, y vemos la olas, no es con la vista, no es con los ojos como podemos conocer sus profundidades, no es mirando como conoceremos sus profundidades, el único modo es sumergiendonos, hacia el fondo, hacia los fondos.

Al poco estaba profundamente sumergido, y ya no era yo, ya no era un algo aparte, en ese instante estaba en la totalidad, la existencia era sólo una, no había distinción, no había división.

La existencia en el modo de viento susurraba dentro de aquellas profundidades que ya no eran extrañas, porque eran uno mismo, y uno mismo eran. El soplo del aire en forma de viento traía memorias lejanas en el tiempo y cercanas en el espacio. El aquí y el ahora, se había convertido en el ser, era ajeno a la persona, pero el todo en el ser humano.

El presente, era lo único existente, todo lo demás formaba parte de la fantasía de la persona. El ser humano, en su totalidad es solamente ahora. Y el acontecimiento como testigo más importante, es el estar, el ser, una dimensión única en su talidad.

El viento habló, y su mensaje es solamente para el ser humano, no es un mensaje para la persona, la persona no puede escuchar lo que dice el viento, la persona no es de la existencia, sólo es una recreación de un proceso de la mente.

El viento susurró al ser humano, que la existencia no tiene límites, ni en lo horizontal ni en lo vertical, sus dimensiones son inabarcables, son inmesurables desde la mente, no obstante desde el ser, el tamaño puede ser un grano de arena que lo contiene todo.

El sol se estaba poniendo cuando había finalizado la meditación profunda, y lo que me sacudió y me hizo salir de ella, fue una pequeña hoja de un árbol, que rozó suavemente mi frente, como si fuese una dulce y amorosa mano que deseara que saliese del estado meditativo.

El sol al ponerse desde Montsegur, tiene un colorido de matices, que rememora lo que sucedió hace ya casi mil años, cuando los buenos hombres (les cathares) fueron aniquilados en aquel lugar, pero fueron aniquilados solamente en lo referente al cuerpo, en lo referente a lo representativo del ser humano, porque ellos sabían desde el ser, que aquello no era su fin, sino solamente una parte del hermoso ciclo de la existencia, de la que todos somos un importante componente esencial.

El viento había susurrado ¡ánimo! el ser humano es mucho más que eso que llamáis persona.

Hablar con el corazón

por jordi mas manjon

En este texto voy a mostrar lo que a mi me conmueve desde mi infancia, a lo largo de mi vida social he actuado de este modo, considero que es la fuerza motriz, la base donde construir cualquier actividad susceptible de ser realizada por el ser humano, hablar con el corazón. En t  bet antes de ser iniciados en la meditaci  n, tuvimos que mostrar, que habl  bamos con el coraz  n, despu  s de ser reconocidos, entonces y s  lo entonces, los monjes nos abrieron sus corazones. Hay la idea com  n, es que el hablar solamente es una cuesti  n de comunicarse con los dem  s, es por ello que a lo largo de toda la historia social de la humanidad, ha habido personas que han inducido este modo de comunicaci  n, tratando y lo han conseguido enga  ar a la poblaci  n. Hablar con la boca, es lo que com  nmente se hace, la vecina saluda, el vecino pregunta. El familiar telefonea preguntando como est   uno de salud, la novia dice palabras cari  osas a su novio, el escritor escribe diciendo palabras salidas de sus labios y as   un largo etc  tera. La persona en general piensa o cree, que puede enga  ar con palabras salidas de la boca, y es cierto, se puede enga  ar, pero solamente se puede enga  ar a otra persona que tambi  n habla con palabras salidas de la boca. Cuando se habla con palabras salidas del coraz  n es otra cosa muy distinta, todo lo que se dice tiene un sabor de celebraci  n, un colorido de amor por la existencia. No pens  is, que es algo que se puede falsear, porque ello es del todo imposible. Para un ser humano que se expresa desde el coraz  n, las palabras cari  osas, que son salidas de la boca, es como si uno vertiese agua sucia en un arroyo de monta  a de aguas cristalinas. Todo lo que expreso en mi vida son palabras salidas del coraz  n, cuando hablo con mi familia   ntima, cuando hablo con los vecinos y cuando hablo con vosotros. Cuando se dice un cari  oso abrazo, sale del coraz  n, no es una f  rmula de cortes  a, no es un convencionalismo. No obstante, s  , se percibe, cuando el vecino dice buenos d  as, y ese saludo es s  lo un cortes  a, entonces ese saludo se ha convertido en un algo nada atractivo, se ha convertido en lenguaje contaminado, contaminado de falsas

relaciones, contaminado de ideas de ganancia, porque son salidos de la boca y no generado por el corazón. A lo largo de mi vida social, cuantas veces rechacé la amistad de otras personas, solamente porque hablaban con la boca y no con el corazón. En mi vivir cotidiano, es la fuerza motriz básica, el hablar desde el corazón, en mi infancia, en la adolescencia, en la madurez también han sido la fuerza motriz. No hay que confundir, el hablar desde el corazón, con hablar con descaro jajaja., porque ser descarado no es ningún mérito, hay personas en un número creciente en todo el mundo, que son descarados hablando desde la boca. Cuántas veces oí decir, "es que digo lo que pienso", y a mí me entraban ganas de salir corriendo. Porque, es muy hermoso poder decidir nosotros mismos, que deseamos hablar desde el corazón. Las palabras salidas desde el corazón, son palabras constructoras, son lenguaje terapéutico, sanador. Son palabras amorosas que enlazan con la existencia. Son generadoras de vida, son restauradoras de existencia desde el centro del Ser.
